CHAPTER 6 FRIDAY FLEX — Weeks 7 & 8 (nonessential)

> No essential new standard. Use for recovery, practice, or extension.

RECOVER

- **Week 7:** notebook inserts 1–3 completion · Reader Ch.6 re-read · concept practice.
- **Week 8:** incomplete build · Test 2 rerun · final explanation · absent-student recovery (see `recovery/06-ch6-absent-student-recovery.md`).

PRACTICE

- **Transfer / Transform / BOTH Sort** — re-sort the Week 7 cards; add 3 new systems.
- **Energy Chain Error Detective** — fix a broken chain (e.g., "INPUT: light → OUTPUT: stored" is reversed).
- **Input → Change → Output matching** — match device cards to their correct chains.
- **Fix the Scientist** — correct a "prove" statement into "supports/evidence."
- **Week 8:** AP 13.5 Vocabulary Crossword · AP 13.6 Vocabulary Review · criteria/constraints sort.

EXTEND

- **Analyze an unfamiliar everyday device** (e.g., a hand-crank flashlight, a music box) — trace its chain.
- **Short media** — review a transformation explainer (if available).
- **Device mystery cards** — infer the energy pathway from a description.
- **Optional transformation chain challenge** — build the longest correct chain (3+ links).
- **Week 8:** redesign for a NEW constraint (e.g., "must signal silently" or "no rubber bands") · device showcase · peer feedback.
