Structure & scoring

Section	Questions	Points
Matching	1–8	16 (2 pts each)
Multiple choice	9–25	34 (2 pts each)
Total	25	**50**

- Every item is objective and worth exactly **2 points** — no partial credit, no written rubrics, no CER.
- The teacher key (`07-unit-final-assessment-key.docx`) contains all correct answers plus a Reader/guided-notes source-alignment table and is the authoritative scoring reference.
- No answer key content appears in the student PDF.

Correction / recovery policy

- Corrections follow `curriculum/chapter-07/student/recovery/07-final-assessment-corrections-recovery.md` (missed item → original thinking → correct idea → evidence → new example).
- Absent students take the final untimed. Makeup follows `curriculum/chapter-07/student/recovery/07-ch7-absent-student-recovery.md` and is labeled "completed independently / makeup."
