Sound Transfer — Investigation

Chapter 4 · Energy Transfer · Week 4 (Days 1–2)

Name: _____ Date: _____

BIG QUESTION

Can sound transfer energy and cause a change without direct contact?

PREDICT

What do you think will happen to the paper when the cup is tapped?

SETUP

Draw your setup. Label the SOUND SOURCE and the PAPER TARGET.

Draw here: cup + tapping object + paper target

The cup must NOT touch the paper.

OBSERVE

Tap the bottom of the cup. Watch the paper. Record what you see. Keep your body very still — no bumping the table.

Distance (qualitative)	What did the paper do?	Clear / Slight / None	What is your evidence?
Near			
Middle			
Farther			
Notes			

Distance is qualitative — just near / middle / farther. You do NOT need exact numbers.

EXPLAIN

How does the paper's movement provide evidence that sound transferred energy?
